IL & CMS Series

Model Shown: IL-24L

Equipment Benefits

- Heavy gauge, stainless steel construction provides strength, rigidity, cleanliness and minimal maintenance
- Self-leveling, Teflon® coated, hot knife seal bar assembly
- Pre-programmed acceleration and deceleration for smooth, trouble free operation (reduces film waste)
- Positive, self adjusting, solid stainless steel rod tunnel conveyor (free of belts or coatings)
- Easy load, low side mounted film roll positioning promotes quick and easy ergonomically friendly film threading
- Engineered as a complete unit with a double insulated tunnel that reduces energy consumption
- Polycarbonate enclosures ensure safety and provide for quick access
- Quick changeovers
- PLC touchscreen interface
