ROTEX® Parts & Service knows how important it is to keep your machines up and running. That's why a stocked inventory of consumable parts is on hand for whenever you need them.

Consumable Parts

Whether you're in the middle of an emergency breakdown, or you are planning your preventative maintenance program for the upcoming year, ROTEX® Parts & Service supplies the parts you need when you need them, including:

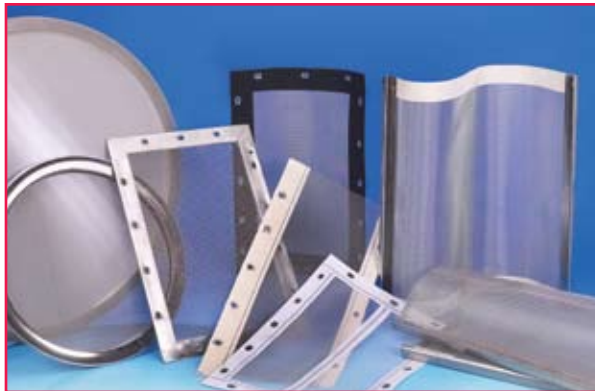

- Flexible Molded Connectors
- Slide Bearing Components
- Mesh Cleaning Balls
- Flexible Fabric Connectors
- Seal Strip
- Clamp Handles
- Spring Tension Clips
- Drag Link Components

Screens

ROTEX® Parts & Service offers a wide variety of screens to best meet your needs, including:

- Gyrotory
- Vibratory
- Centrifugal
- J-Hook Style
- Round Pre-Tensioned
- Bonded, and more

Fabricated Parts

ROTEX® machines perform reliably and efficiently over many decades of operation. When it does become necessary to replace major assemblies, it is critical that authentic ROTEX® replacement parts be used. Only Rotex, Inc. has the engineering and manufacturing expertise to guarantee that replacement parts will fit and perform as well as the original.

FACTORY SERVICE & SUPPORT

ROTEX® Parts & Service offers ongoing support answers all of your screener related questions. With a rich history of over 100 years in the screening business, Rotex experts can quickly address most of your questions and problems over the phone or via email.

DRIVE HEAD EXCHANGE SERVICE

To minimize costly downtime, Rotex, Inc. offers a Drive Head Service Program to provide fast, reliable response to your drive head replacement or repair needs. All ROTEX® reconditioned drives include a full 2-year warranty.

Service Options

- Drive Exchange Service – Rotex will ship you a reconditioned drive from stock. After installation of the reconditioned drive, you simply return your old drive to Rotex.
- Recondition Your Drive – Rotex can rebuild and ship your drive within 3 days.
- Purchase a Spare Drive – Rotex keeps reconditioned drives in stock for any model ROTEX® screener in your plant.

REFURBISHMENT SERVICE

Rotex, the company you have counted on to bring you the highest quality new separation equipment, is also the best source for refurbishing your existing ROTEX® screeners.

Benefits

- Cost-efficient alternative to purchasing a brand new machine
- All major components of the machine are either replaced or reconditioned, depending on the condition of each component
- Upgrades with the latest technological advancements
- Full one-year warranty
